## Our Structure

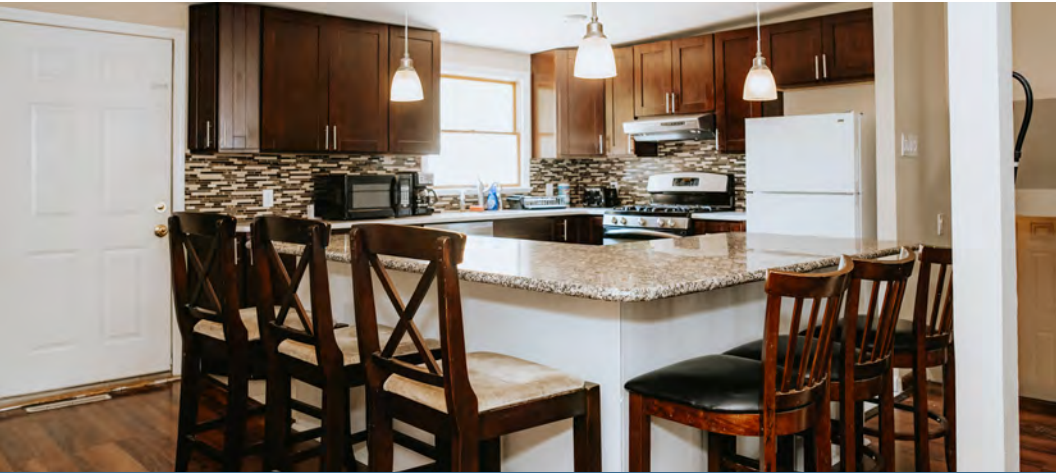

South Jersey Recovery Residences provides structure and accountability through drug testing, daily breathalyzer tests and reasonable curfews. We teach life skills through daily chores, cooking dinner and on site laundry machines.

## Peer Mentorship

Peer mentorship begins the moment a new resident arrives. Clients help to guide one another in their recovery process. Fellowship, self-help groups and comradery are the corner stone to a life-long journey in recovery.

## Our Staff

Our staff is available around the clock to assure each of our residents has access to 24/7 support. Any client needs are addressed with care, concern and absolute privacy. Our staff are trained in ethics, HIPPA and Narcan certified.
